

## NEW DTF Powder Shaker Machine A403

### Appearance upgrade + Drying tunnel extension

- Compact appearance, allowing easy access to ordinary entrance doors
- A front heating plate and a cold air module have been added
- Increase the length of the tunnel so that the release membrane does not deform, eliminating the phenomenon of oil return and presenting the pattern in its most beautiful state
- Upgraded integrated control and LCD screen operation
- Added a winding system to the machine make the material tighter and tidier

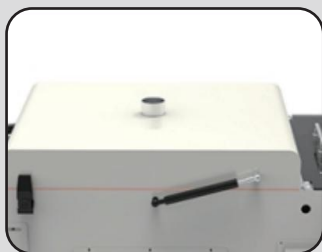

## Linko Specification

Model	A-403	
Wide	0-38cm   0-14.96"	
Reeling function	Automatic induction winding	
Applicable media	Nylon, chemical fiber, cotton	
	leather, swimsuit, diving suit PVC,EVA,etc...	
Powder control	Powder shaking control	
	Powder spreading control	
	Direction and quantity control	
Material transfer method	Paper receiver traction type	
Heating and drying function	Front guide plate heating	
	Upper drying and solidification	
	Single row cold air cooling function	
Electrical parameters	Rated voltage: 220V    Rated current: 10A	
	Rated power: 2.2KW    Energy consumption: 1-2.2KW	
Size	Machine size: 1185*613*898mm   46.65"*24.13"*35.35"	
	Package size: 1150*700*950mm   45.28"*27.56"*37.4"	
Weight	N.W: 60kg   132.3lb                      G.W: 92kg   202.8lb
